2015 National Blue Ribbon School
2016 National Green Ribbon School

Mission: The mission of Baton Rouge Magnet High School is to provide a college preparatory curriculum that will enable students to be lifelong learners, critical thinkers, and ethical citizens who can function in an increasingly technical, diverse and global environment.

Baton Rouge High School became a dedicated magnet high school in 1976 with the mission of raising standards and developing the artistic talents of its students. Academically, the school provides the opportunity to build a solid college preparatory background. The school offers fifty-four Honors, Advanced Placement, and Dual Enrollment courses that motivate students to excel beyond the normal challenge at each grade level. With the added benefit of earning early college credits, the school is unique in that it is the only high school in the nation with both streaming AM and FM student-operated stations. The Arts are alive and well at BRMHS! Students who enjoy creative venues can find a vehicle for their talents in both the regular and talented arts programs. Competition is at its best at BRMHS, and as it continues the tradition of having students recognized by the National Merit Scholarship Corporation. Although students do not have the traditional baseball, basketball, and football programs, students do have the opportunity to participate in field varsity teams for both boys and girls in track, cross country, swimming, golf, bowling, soccer, gymnastics, wrestling, tennis, and volleyball. BRMHS has won state championships in a number of these interscholastic sports.

"The legacy of excellence" continues at Baton Rouge Magnet High School. The renovated facility of more than 360,000 square feet has broadened an already amazing program with the addition of an impressive library-media center, gymnastics facility, professional track, state-of-the-art radio and television studios, along with an amphitheater and two black box theaters. The students bring, along with their academic prowess, a wealth of cultural backgrounds and richness of experience, unmatched by any other high school in the district. Continuing to build on the legacy of excellence established so many years ago, BRMHS is the place to train students for a world filled with challenges but vibrating with promise.

School Enrollment 2018-2019 -- 1512

Baton Rouge Magnet High School is a dedicated magnet school serving students in East Baton Rouge Parish, grades 9-12.

The curriculum for 2018-19 offers:

- 32 Advanced Placement classes**
- 20 Honor courses**
- 4 Dual Enrollment classes**
- 45 Art, Theater, Music, and Dance**
- 5 World Languages**
- 30 Business, Technical, and Computer Science Courses**
- 2 Robotics Courses**
- 22 Lifetime Sports**

All students carry a full course load every year, with no early dismissal for seniors, although many students take courses at the local universities and the community college. The school maintains a strong curriculum in visual and performing arts, talented art, music, and drama.

The current freshman classes include students from public and private middle schools in the parish as well as a few out-of-state schools, and home schooling environments. As a result, these students come into a rigorous college preparatory magnet curriculum from a variety of academic situations.

Baton Rouge Magnet High School has introduced a new app for communicating with students and parents: <https://admin.schoolinfoapp.com/api/global/MarketRedirector/1706>. The new software for parent access is through JCampus and is also used to communicate with parents through JCall.

All students utilize chromebooks and technology in the classrooms as we embrace more technology into our theme. The 9th and 10th graders participate in a mandatory reading program through the Accelerated Reader Program and a Pre-Advanced Placement Course called Springboard. The school maintains an active student council that meets with club sponsors and the administration to address student concerns.

◆ Advanced Placement Courses 18-19

AP English Language and Com	AP Statistics	AP Biology II
AP English Literature and Composition	AP Calculus AB	AP Biology II Lab
AP Capstone: Seminar	AP Calculus BC	AP Environmental Science
AP Capstone: Research	AP Human Geography	AP Chemistry II
