2015 Louisiana History Bowl State Champion
2015 1st Place-Senior Winner-Music Teachers Nat. Assoc. Composition Competition
2014 State Runner up Outdoor Track and Field & Siemens Award for Advanced Placement

Mission: The mission of Baton Rouge Magnet High School is to provide a college preparatory curriculum that will enable students to be lifelong learners, critical thinkers, and ethical citizens who can function in an increasingly technical, diverse and global environment.

Baton Rouge High School became a dedicated magnet high in 1976 with the mission of raising standards and developing the artistic talents of its students. Academically, we provide the opportunity to build a solid college preparatory background. Our more than thirty Honors and Advanced Placement courses motivate students to excel beyond the normal challenge at each grade level. With the added benefit of earning early college credits our school is unique in that it is the only high school in the nation with both AM and FM student-operated stations. The Arts are alive and well at BRMHS! Students who enjoy creative venues can find a vehicle for their talents in both the Regular and Talented Arts programs. Competition is at its best at BRMHS, and we continue the tradition of having more students recognized by the National Merit Scholarship Corporation than any other school in the city—public or private. Although we do not have the traditional baseball, basketball, and football programs, we field varsity teams for both boys and girls in track, cross country, swimming, golf, soccer, gymnastics, wrestling, tennis, and volleyball, and we have won state championships in a number of these interscholastic sports.

“The legacy of excellence” continues at Baton Rouge Magnet High School. Our newly renovated facility of more than 360,000 square feet has broadened an already amazing program with the addition of an impressive library-media center, gymnastics facility, professional track, state-of-the art radio and television studios, along with an amphitheater and two black box theaters. Our students bring, along with their academic prowess, a wealth of cultural backgrounds and richness of experience, unmatched by any other high school in the district. Continuing to build on the legacy of excellence established so many years ago, BRMHS is the place to train students for a world filled with challenges but vibrating with promise.

School: *Enrollment 2016-17 -- 1500*

Baton Rouge Magnet High School is a dedicated magnet school serving students in East Baton Rouge Parish, grades 9-12.

The curriculum offers:

- 26 Advanced Placement Courses
- 16 Honor Courses
- 1 Dual Enrollment Courses
- Talented Art, Drama and Music Courses

All students carry a full course load every year with no early dismissal for seniors although many students take course at the local universities and the community college. The school maintains a strong curriculum in visual and performing arts, talented art, music, and drama. Our current freshman classes include students from at least twelve public middle schools in the parish, several private schools, a few out-of-state schools, and home schooling environments. As a result, these students come into a rigorous college preparatory magnet curriculum from a variety of academic situations. BRMHS has always provided activities beyond the classroom to meet the varying needs of its student population. Male and female students regularly participate and win championships in sports such as soccer, wrestling, golf, cross-country, tennis, swimming, gymnastics, indoor/outdoor track and field, and volleyball. The performing and visual arts departments are well-known for excellent concerts, plays, recitals and exhibits. The 9th and 10th graders participate in a mandatory reading program through the Accelerated Reader Program and a Pre-Advanced Placement Course called Springboard. All grade levels have the opportunity to participate in over 72 clubs and organizations. The school maintains an active student government association that meets with club sponsors and the administration to address student concerns.

◆ Advanced Placement Courses

Art History	European History	Physics C: Mechanics
Biology II	French Language	Psychology
Calculus AB	Government: Comp	AP Capstone
Calculus BC	Government: US	Statistics
Chemistry II	Human Geography	Studio Art: Drawing

◆ Student Activities and Leadership

In addition to 17 interscholastic sports and a wide range of performing arts productions, more than 72 extra-curricular organizations provide a wide variety of activities which enrich the Baton Rouge Magnet High School experience. Ranging from our Science Olympiad team, to National Beta Club, to our Multicultural Club, intramural girls and boys sports the activities program reaches every student.

◆ Positive Behavior Support

School-wide PBIS (Positive Behavior Interventions and Supports) is a process for creating safer and more effective schools. Our motto is:

"Be Respectful, Be Responsible, Be Safe"

◆ Graduating Class of 2016
