

B-CLUB Descriptions

1. **African Heritage Club:** This club welcomes all students who are interested in the cultural contributions of persons of African descent. Meeting feature guest speakers and discussions.
2. **Awakening Club:** This club is open to all students. Its purpose is to show the live of Christ throughout the school and to challenge and motivate students to stand up of Jesus and change the way the youth generation is viewed.
3. **Breaking-Down Barriers:** This club will examine social justice issues through the lens of artwork. Specifically, the club will discuss issues of social and racial inequality and how this is depicted in art, cinema, and other forms of creative expressions both historically and today.
4. **Chess:** This club is open to all ages of students interested in chess. Students interact with each other in competitive chess games at school as well as in library tournaments.
5. **Computer Science Club:** This club will provide teaching and learning experiences for its members in Computer Science and to provide competitive opportunities with students from other schools. Members must be enrolled in a computer science course or have completed a course.
6. **Conspiracy Theory:** This club is for sophomores, juniors, and seniors only. Freshman are not allowed in this enigmatic club focuses on issues that are conspiratorial and controversial. Some of those issues have to do with Flat Earth, Society, Illuminati, The Mandela Effect and Disney subliminal messaging. Anyone interested in “looking past the veil” offered to us in mass media should join the club.
7. **DECA:** This club is open for students with an interest in business. It prepares emerging leaders and entrepreneurs in the areas of marketing, finance, hospitality, and management.
8. **Fencing:** This club is an after school sports club where students learn the basic techniques of fencing.
9. **Games of Thrones:** This club provides students a place to discuss the show/book series “Games of Thrones”.
10. **Girl Talk:** This club inspires high school girls to be confident leaders through peer-to-peer mentoring programs. The club offers high school girls the opportunity to interact with middle school girls throughout the community.

11. **Hi Y/Youth and Government:** This club is open to all students at BRMHS. Its two main activities are Model U.N. in the fall and Youth Legislature in the spring.
12. **Indian Club:** This club is an opportunity for BRMHS students of all nationalities to come together to learn and experience the culture, food and traditions of India. Events will include dances, banquet, and participating in some Indian holidays.
13. **JCL (Junior Classical League):** This club concerns itself with the study of classics, especially through the Latin and Greek languages. Anyone enrolled in Latin or Greek can be a member of JCL. JCL is a club for those who like learning about the ancient world.
14. **Mars Generation:** This club is focused on learning more about the mysteries of the universe-moons, stars, planets, and space travel. The goal is to encourage high school students-the members of the “Mars Generation” to explore the unknown for themselves and make new discoveries through a variety of fun and engaging activities.
15. **Muslim:** This club is open to all students’ interest in learning Muslim culture.
16. **NACLO Linguistics:** This club provides students an opportunity to discuss and enjoy the study of language and to prepare to take the annual NACLO examination.
17. **National Honor Society (NHS):** This club is the nation’s premier organization established to recognize outstanding high school students for academic achievement, success, and excellence (**INVITATION ONLY**).
18. **Photography Club:** This club is open to all students at BRMHS. Students will participate in outings each semester, discussions and picture sharing sessions. Members will learn how to use Photoshop.
19. **Speech and Debate Club:** This club will serve to encourage high school students to voice well researched and evidence-based opinion, in turn helping them to become clear communicators and critical thinkers.
20. **STEM:** This club is part of a national organization dedicated to increasing students’ knowledge, awareness and involvement in Science, Technology, Engineering and Math.
21. **Table Top:** This club is essentially a board game club; however, it includes card games, pen and paper games, and any other game that is played face-to-face on a table. We play traditional games such as Scrabble and Chess as

well as new, innovative and imaginative games such as Settlers of Catan and Dungeons & Dragons.

22. **Tennis:** This club introduces members to the sport of tennis, promote unity, educate about the sport tactics and skills, and to educate the community as a whole through social, competitive, and collaborative activities.
23. **Travel:** This club provides an opportunity for students to learn about other cultures, history, and languages by traveling within the United States and abroad. Our goal is to get the students involved in local trips as well as travel to international destination.
24. **Vietnamese:** This club exposes students to Vietnamese culture through music, film/videos, dance, and food.
25. **Weightlifting:** The club promotes and provides educational opportunities for the advancement of knowledge and practice of Olympic Weightlifting on campus. The club will also serve to provide a support community for those passionate about weightlifting.
26. **Woods and Waters:** This club provides a way for students to enjoy the great outdoors, while also emphasizing skill acquisition, safety, positive group dynamics, environmental awareness, and fun. We offer campouts and information clinics. Learn to rock climb, kayak, camp, hike, and much more.
